Chartered by the California Congress of Republicans

THIS IS A FREE MEETING; YOU MAY PAY YOUR DUES AT THE DOOR!

REPUBLICANS OF RIVER CITY WELCOME DOUG OSE, REPUBLICAN CANDIDATE FOR THE 7TH CONGRESSIONAL DISTRICT TO SPEAK ON

**January 21, 2014 at Mimi's Restaurant, located at:
2029 Alta Arden Way
Sacramento, 95825**

The social hour starts at 6:30 PM and the general meeting starts at 7:15 PM.

Come to River City's first general members meeting of the new year and meet Doug Ose. Be prepared to ask him about his plans for the Sacramento area should he win in November.

Doug Ose is a local business owner and former Member of Congress. His personal integrity, vision, dedication to taxpayers and fiscal accountability has shaped his life as a public servant

and community leader.

When first elected to Congress in 1998, Doug promised to serve three consecutive terms and return to private life. While many made a similar promise, Doug was one of the few to honor his pledge.

Doug was born and raised in the same area now covered by California's 7th Congressional District. Doug attended Rio Americano High School, and graduated from U.C. Berkeley with a degree in Business Administration. Doug previously represented California's 3rd Congressional District, which comprised more than 70% of what is now today's 7th Congressional District.

Announcement from the LinkedIn Republican Party Group : **A CALL FOR HELP IN INCREASING OUR GROUP MEMBERSHIP**

By Paul Green, Group Manager
(Past President, Republicans of River City)

This is an election year and we, together can keep fellow Republicans informed on LinkedIn through this group.

However, we now only have roughly 5,200 members and need to get the information posted and the accompanying discussions to say 20,000 or 40,000 to be a viable force during the campaign season.

Consider the exponential effect if each group member (you)

WELCOME DOUG

During his Congressional career, Ose served on the Government Reform Committee, Agriculture Committee, and the Financial Services Committee. For his work in Congress, Ose was named a Hero of the Taxpayers by Americans for Tax Reform, a Guardian of Small Business by the National Federation of Independent Business, and honored by several other groups for his patriotism, integrity and devotion to public service. After leaving Congress, Ose returned to the family business and continues to serve his community. In 2011, he assumed operations of Gibson Ranch Regional Park as a public-private partnership. Once one of the most beautiful and popular public parks of the Sacramento County Regional Park System, Gibson Ranch had been closed and allowed to deteriorate due to a lack of funding. When Sacramento County needed a private operator, Ose was the only one willing to take on the challenge. After guiding Gibson Ranch's rebuilding and rejuvenation, public use of the park has increased dramatically to more than 100,000 visitors per year.

Doug is running to be your representative in Washington because he is concerned about what kind of country we are leaving our children and grandchildren. With record high unemployment, government takeover of our health care, increasing taxes and runaway spending, we are leaving the next generation with unprecedented debt and limited opportunity. We need to change course – and with Doug Ose, we get a representative who is interested in getting things done for Sacramento!

Doug and his wife, Lynnda, live in Sacramento with their two daughters, Erika and Emily.

shares not only who or what your choice is, but why he or she or it is your choice based on facts that we can provide.

Improvements are being discussed but the discussion contents are meaningful and provide you an opportunity to comment or ask questions about many of the issues that confront us today. Take a look!

If you like where we are now then I ask you to start suggesting to your spheres of influence that they make application today for the Republican Group (or LinkedIn and the group after they sign in) and throughout the next 90 days.

I'm limited to one message per week. This is my first attempt.

God bless.

ATTENTION

AT OUR JANUARY MEETING

A MAJOR SURPRISE GUEST

Do not miss this meeting!

**"WHISKEY IS FOR DRINKING;
WATER IS FOR FIGHTING
OVER."**

By Carl Burton

At the January 15 Supervisor Susan Peters Community Coffee Meeting the discussion centered around water. Water or rather the lack of water behind Folsom Dam and the plans now being made to ensure Sacramento county survives the drought affecting our community and state.

Everyone at the meeting came away knowing that we need to develop more storage for run off from future snow packs and rain.

At the close of the meeting, I presented, on behalf of the members of Republicans of River City, an Eagle statuette to Supervisor Peters thanking her for her fine service to the community and her leadership ability. In giving her the statue I praised her ability to be a good leader in Sacramento County and a strong force in much needed job development.

Susan, along with her late husband, took the Mather Air Force Base surplus property and successfully turned it into a thriving employment center and tax base for Sacramento County. The U.S. Department of Defense identifies the Mather Commerce Center as one of the nation's most successful conversions of a military base to civilian use.

Member of the House of Representatives serve two-year terms so every house seat is up for grabs in every election cycle. This means that California voters will have an opportunity to elect new members of Congress or reelect their present congressperson.

The current partisan make-up of the California House gives Democrats an advantage over Republicans 28 vs 15.

At the present time Republicans hold 234 seats in the House of Representatives and Democrats have 201. In order for Nancy Pelosi to regain the Speaker Chair in the (you remember her “But we Have to Pass [Obamacare] Bill So That You Can Find Out What Is In It”) House of Representatives, Democrats will need to make a net gain of 17 seats.

In 2012, Democrats recovered somewhat from their 63 seat lost inflicted on them by voters in 2010 with a net gain of 8 seats. Four out of eight seats that the Democrats won in 2012 were in California. Rep. Dan Lungren from Sacramento County lost along with Brian Bilbray in San Diego and Mary Bono Mack from

Palm Springs. And the seat held by retired Rep. Elton Gallegly for the last 26 years was also won by the Democrats. In 2014 Democrats will make a push to take over the seat of Rep. Gary Miller in the 31st District (San Bernardino County).

Political Experts that I know say with strong Republican candidates in the 7th, 36th and 52nd Districts. Republicans can make sure Pelosi says out of Speaker Chair in the House of Representatives.

With your help Republicans of River City will play a major role in retaking the 7th Congressional District seat for the Republican Party.

Next month members of Republicans of River City will be casting their endorsement vote for the next member of Congress from the 7th District, so be sure and renew your membership now.

IMPORTANT MESSAGE FROM TARGET STORES

By Robert Evans

Target stores learned in mid-December that cyber criminals had found a way into their computer systems and stole customer information, including debit and credit card data. In addition, late last week, as part of an ongoing investigation, it was learned that additional information, including name, mailing address, phone number and/or email address was taken.

Target is offering free credit monitoring to all Target customers who shopped in U.S. stores through credit reporting agencies which include identity theft insurance where available. To receive your unique activation code for this service, please go to target.com and register.

Will this help? That is open to question. Some experts say that closely monitoring your credit reports will warn you and other experts say that by the time the information shows up on a credit report the damage is done. Hopefully, this will help.

FEBRUARY IS ENDORSEMENT MONTH.

LATE NIGHT HUMOR

JAY LENO

Yesterday President Obama laid out plans for creating what he called "promise zones" all across the county — spots that will receive extra financial and economic attention from the government. Don't confuse those areas with the rest of the country. Those are "broken promise" zones.

CONAN

It was announced that President Obama is going to visit Pope Francis. Obama said he can't wait to tell the Pope, "You know, they liked me a lot, too, that first year."

President Obama will visit Pope Francis. The president said, "I'm looking forward to meeting the one old white guy who's not bashing Obamacare."

JIMMY KIMMEL

The rollout of the Affordable Care Act continues to be terrible. Now comes news that not enough young, healthy Americans are signing up. Did they expect young people to buy insurance the same time that PlayStation 4 comes out?

JIMMY FALLON

A new report found that more than half of the people who have signed up for Obamacare are older than 45. Which is no big deal until you find out they were 25 when they first tried to log onto the website.

The White House is planning to air some ads for Obamacare during the Winter Olympics next month. It makes sense. If you think about it, Obamacare went downhill fast, it left people cold, but then somehow it managed to skate by.

ON THIS DAY IN HISTORY

January 1, 1863 - Emancipation Proclamation takes effect.

January 8, 1867 - Republicans override Democrat President Andrew Johnson's veto of law granting voting rights to African-Americans in D.C.

January 10, 1878 - Republican Senator Aaron Sargent (R-CA) introduces Susan B. Anthony amendment for women's suffrage; Democrat controlled Senate defeated it 4 times before election of Republican House and Senate guaranteed its approval in 1919.

January 31, 1865 - 13th Amendment banning slavery passed with unanimous Republican support against intense Democrat opposition.
